Nobody is perfect; even we make mistakes sometimes. We apologize to our readers for a mistake in the article

Mirosław Gruskiewicz and Albert Bursik:

Degassed Conductivity – Comments on an Interesting and Reasonable Plant Cycle Chemistry Monitoring Technique

Part 1: Degassing of Low-Molecular Organic Acids in Technical Degassed Cation Conductivity Monitors

PowerPlant Chemistry® 2004, 6(3), 177–184

In this article, Eq. (5) was not correctly reproduced. The corrected version of this equation is:

$$\alpha_0 = \frac{1}{1 + \sqrt{K_w / K_a}} \quad (5)$$
